REQUIREMENTS

All students applying to grades K-4 are tested – there are no testing eligibility requirements. For students applying to grades 5-8 to the Regional Gifted Centers, Classical Schools, Academic Centers, or International Gifted Programs, testing eligibility is based on the student's 2010-2011 ISAT national percentile rank in reading comprehension and total math or, if they did not take the ISAT, on a different nationally normed standardized test (e.g., ITBS, Terra Nova, etc.).

Regional Gifted Centers (RGC): In order to be eligible for testing, students must score at or above the 90th percentile in both reading comprehension and total math.

Classical Schools: In order to be eligible for testing, students must score at or above the 80th percentile in both reading comprehension and total math.

Academic Centers: In order to be eligible for testing, students must score at or above the 70th percentile in both reading comprehension and total math.

International Gifted Programs: In order to be eligible for testing, students must score at or above the 90th percentile in one subject (reading comprehension or total math), and at or above the 80th percentile in the other subject (reading comprehension or total math).

Regional Gifted Centers for English Language Learners (RGC ELL): Testing eligibility for students applying to grades 5-8 is based on the student's 2010-2011 reading and math final grades. Students must have no lower than a B on their final reading and math grades in order to be eligible. The student's primary language must be Polish, Russian, or Spanish.

IEP/504 Plan: In order to be eligible for testing, students with an IEP or 504 Plan who are applying to grades 5-8 must score at or above the 70th percentile in one subject (reading comprehension or math total), and at or above the 60th percentile in the other subject (reading comprehension or total math).
