

Kenner's Korner- Whitney Young is a dynamic learning environment that offers something special for all our students. Building and sustaining such robust community requires commitment from our faculty, staff, students and parents. Focusing the efforts of our parents is the Friends of Whitney Young (FoWY) – an organization that has worked hard in recent years to support our wonderful school. Last year, demonstrating their commitment to meeting the varied needs of the school, FoWY embraced a new effort, the WY Sports Boosters, which raises money and provides invaluable support for our fabulous sports program. This year, in their continued effort to do what is needed to support the school, FoWY has welcomed a new effort – the Performing Arts Boosters, working to raise much needed funds for WY performing arts. I salute the FoWY leaders for their tireless and ever-creative efforts to support our community and encourage our **SUPPORT** of all of these additional initiatives, as well as support of the Annual Fundraising Campaign and Phone-a-thon and the Parent, Student & Teacher/Staff Surveys which the Local School Council prepared. Thank you. *Dr. Joyce Kenner*
